

## FOR IMMEDIATE RELEASE

### WEPACKITALL® NOW OFFERING TUBE-FILLING SERVICES

Duarte, CA, August 16, 2010 – WePackItAll® has added tube-filling capabilities to its existing line of packaging services. With the installation of a new Nordenmatic 602 tube-filler, WePackItAll® can fill liquids, creams and lotions into a wide array of tube sizes, ranging from 4 ml to 250 ml.

WePackItAll® Sales Manager, Sharla Hughes-Dalluge, says, “We’re very excited to bring this new equipment online in our plant. The Norden machine’s incredible flexibility and small footprint allow us to efficiently package a wide array of products and different tube sizes. The reception from our existing customers has been fantastic and we are looking forward forging new partnerships in the coming months.”

Norden is the world’s leading supplier of tube filling systems, supplying over 150 packaging systems globally, each year. The Nordenmatic 602 is a reliable, flexible and user friendly tube filling and sealing machine. Special attention has been made to make the machine compact, easy to use and quick to changeover. Equipped with Norden’s high accuracy filling system, the NM 602 provides clean and accurate filling at the optimum speed, providing a high quality end product packed at the highest efficiency.

About WePackItAll®:
